1. WILDFIRE RISK REDUCTION ACTIVITIES (1,250 characters)

Please describe your organization's specific wildfire mitigation accomplishments in the last two years.

2. PROJECT DESCRIPTION (1,500 characters)

Please provide a brief description of your proposed plan and capacity needs. Explain why the funding is needed and how it will be used.

3. Project Timeline

Provide a clear and concise timeline of project activities and anticipated outcomes, outlining quarterly milestones for the year of AIM funding, using brief but specific descriptions (3–4 words). Break activities down by month where additional detail is helpful.

Example Activity Timeline:

May - mobilize contractors and equipment

June - work begins, goal 2 miles/approx. 18 acres

July - work goal 2 miles/approx. 18 acres

Aug-Sept - work could slow due to fire conditions, goal 2 mile/approx. 18 acres

October - work goal 14.2 acres

November - shaded fuel break completed

Dec-March - write and share project success stories

4. STRATEGIC VALUE OF PROJECT (1,500 characters)

What makes this a tipping point project? Briefly explain what sets it apart from other proposals? Please explain how your project contributes to the greater wildfire management strategy in your community.

5. MAINTENANCE AND SUSTAINABILITY (1,000 characters)

Clearly demonstrate how this proposal will remain effective after the closing of your AIM award by outlining the commitments from partners and/or residents, and potential future funding sources (anticipated or committed).
